

STOCK VIDHYA

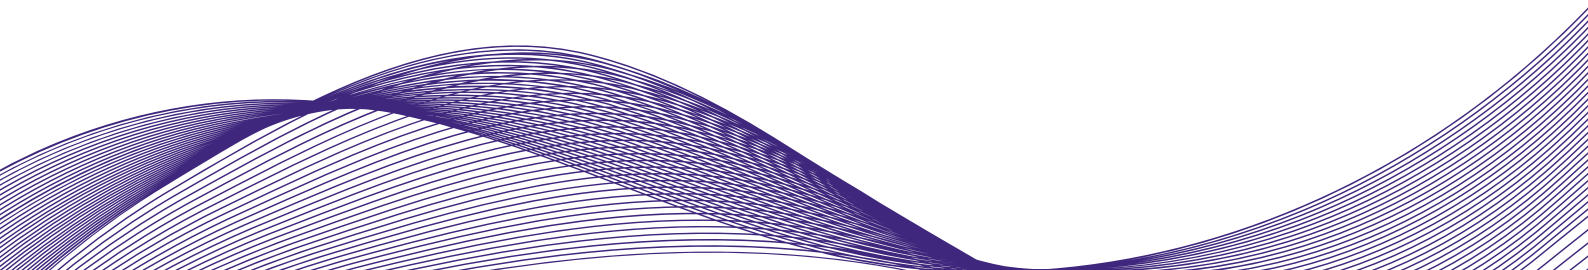

CERTIFIED FINANCIAL MARKET ASSOCIATE

OVERVIEW:

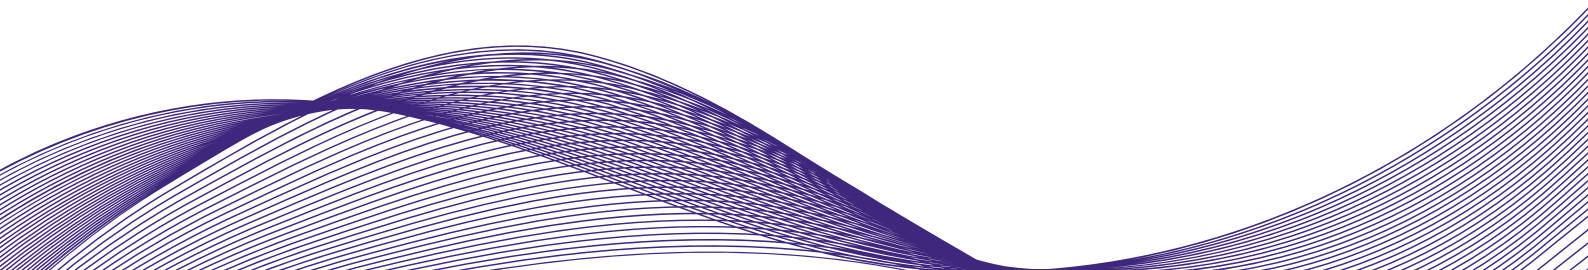

The financial markets are one of the most exciting and lucrative domains to get hired in! This test will check your knowledge of financial concepts, financial laws, history, and delve into concepts like NAV, bad debts, and last but not least, stocks and bonds!

ABOUT THE TEST:

This test will assess your knowledge of financial markets as a whole. From your knowledge of financial concepts to financial laws and regulatory requirements; including stocks, bonds and more. By undertaking this test we aim to help you assess your skills in this domain, as well as check your understanding of trading securities, and the various markets like capital markets, money markets, etc.
